I'd really appreciate a copy of the manual. I've had my 83 XL250R since 1986. It hasn't been used much since about 2000 when the kids were small. The muffler was made for me by

a young mechanic in the 90's when the stock one rusted out; it's a bit louder than stock but works well.

AdrenalineMoto is an authorized dealer of Parts-Unlimited and claims no ownership or rights to this catalog. The Parts Unlimited 2014 Street catalog is more than "just a book." It is designed to help you and your customers get the most out of your passion for powersports. It showcases the new, exciting, in-demand products, as well as highlighting trusted favorites. The well-organized catalog sections make it easy to find the items you want. And every part is supported with the latest fitment information and technical updates available. Looking for tires? See the Drag Specialties/Parts Unlimited Tire catalog. It has tires, tire accessories and tire/wheel service tools from all the top brands. And for riding gear or casual wear, see the Drag Specialties/ Parts Unlimited Helmet/Apparel catalog. Combine all three catalogs for the most complete powersports resource of 2014.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The best-selling Honda ever, the long-running Honda Mini Trail, was available in a huge range of models, even within each model year. The Honda Mini Trail Enthusiast's Guide covers all Honda Mini Trails and Z50 bikes produced between 1968 and 1999. Author Jeremy Polson begins with a brief introduction of the models that led up to the Mini Trail, and then jumps into a thorough analysis of the many models and iterations that Honda has offered through the years. Despite the worldwide popularity of Honda's best-selling model, no other Mini Trail book had been published, and the accuracy of information found on the Internet is suspect at best. For Z50 collectors and enthusiasts, this book presents facts and figures found nowhere else. In addition to the hard facts regarding each model of each year, this book is filled with many rare photos that track the evolution of the Mini Trail, and unravel its mystery.

I got into medical school by saying I was black. I lied. Honestly, I am about as black as my sister Mindy Kaling (The Office / The Mindy Project). Once upon a time, I was an ethically challenged, hard-partying Indian American frat boy enjoying my third year of college. That is until I realized I didn't have the grades or scores to get into medical school. Legitimately. Still, I was determined to be a doctor and discovered that affirmative action provided a loophole that might help. The only problem? I wasn't a minority. So I became one. I shaved my head, trimmed my long Indian eyelashes, and applied as an African American. Not even my frat brothers recognized me. I joined the Organization of Black Students and used my middle name, Jojo. Vijay, the Indian American frat boy, became Jojo, the African American affirmative action applicant. Not everything went as planned. During a med school interview, an African American doctor angrily confronted me for not being black. Cops harassed me. Store clerks accused me of shoplifting. Women were either scared of me or found my bald black dude look sexually mesmerizing. What started as a scam to get into med school turned into a twisted social experiment that taught me lessons I would never have learned in the classroom. I became a serious contender at some of America's greatest schools, including Harvard, Wash U, UPenn, Case Western, and Columbia. I interviewed at 11 schools while posing as a black man. After all that, I finally got accepted into medical school. Before I finished this book, I stirred a hornet's nest by telling my story. It has been featured in more than 100 media outlets, including CNN, NBC, TIME, FOX, and Huffington Post. Many loved it, but not everyone approved of what I did. My college classmate Tucker Max (I Hope They Serve Beer in Hell) disapproved. My sister Mindy Kaling furiously declared, "This book will bring shame on our family!" I disagree but I'll let you be the judge.
