Many urban educators live in fear: of their schools being labeled failures, of increasingly punitive sanctions, of loss of respect and livelihood. This fear pervades the entire school community, affecting the physical, mental, and emotional well-being of its members. The authors of this guide to transformation

in urban schools are convinced that the key ingredient for school renewal is fearless leadership. Fearless leaders work in schools under-resourced and overburdened and serve disproportionately large numbers of children who live in poverty and face racism daily. They are ordinary educators committed to proving that demographics need not be destiny. This inspirational yet practical book will help you bridge the divide that separates urban students from their birthright of a high-quality education. You will learn how to

- * Adopt a leadership approach, consisting of affirmation, inspiration, and mediation (AIM), that will transform your school into a flourishing learning community.
- * Build a leadership team of important stakeholders--including students--that is committed to improvement.
- * Tap into the resources that already exist in your school and jettison institutional arrangements that prevent your school from becoming an enriching and creative community.
- * Create supports that enable teachers to nurture their students' potential to meet high standards and become self-actualized learners.

Each chapter closes with reflections and activities that will help your leadership team produce its own roadmap for change. Succeeding in the tough landscape of urban schools requires more than just passion and a sense of urgency; it requires real skills. Aim High, Achieve More provides insights gleaned from real-world experiences that will enable you to create a successful, vibrant learning environment.

Dysfunction abounds in America in so many ways, from continuous turbulent change in the business environment, to a US federal government polarized by an inability to compromise and fulfill its historic missions, to personal levels where even deeper and darker levels of dysfunction reside within our colleagues, families, friends, and ourselves. Can any of us survive and thrive against such a backdrop of unsettledness and anxiety? Deborah Lee James wants to help us try. As the 23rd Secretary and the “CEO” of the male-dominated US Air Force (only the second woman to lead a US military service), Secretary Deborah Lee James led a force of 660,000 people and managed a \$139 billion budget—larger than the GDP of more than 120 countries. In the midst of unprecedented political dysfunction in Washington, she faced down enormous challenges, including preparing military women and men to fight terror in the Middle East, combatting sexual assault in the military, and responding to a crisis in the nuclear enterprise. In *Aim High: Chart Your Course and Find Success*, Deborah James shares her personal and professional challenges, outcomes, strategies for success, and the problem-solving principles she used to overcome the daunting pressures, threats, and challenges that come with rising to the top of the US Armed Forces. As a supplement to her storytelling, Bain and Company, a top-tier management consulting firm, offers research and statistics that prove James’ insights have widespread impact. The book offers an insider’s view on how things really work in Washington—and how the author’s five-step, repeatable problem-solving approach can work in any walk of life. As a mother and wife, Deborah

Friends Kerry and Zack can't get enough of their favorite superhero, a bow-and-arrow-toting character named Brave Bowie. His magic arrows always save the day. But when the friends sign up for archery lessons, they soon learn that practice and hard work make real-life archers great in the sport, not cartoon tricks.

Book Description Since the beginning of mankind, there have always been individuals who start life with disadvantages but by sighting their Aim High above mediocrity they have accomplished great things! I chose the title Aim High for this book as an analogy to impress upon the readers that regardless of their beginnings by sighting their Aim High they can go on to be the best that they can be at whatever they want. The key to success is first to develop a desire for something. What do you want out of life? Once a desire is instilled within, motivation follows, and then you must write out a well thought out plan of action on how to do what you want to achieve then you must follow through with action. I believe we all have a purpose in

life. The hard part is to find out what that something is. What is your purpose? The soul that has not established aim loses itself. Montaigne (1533-1592) In the book Aim High I have done my best to present in sixteen steps guidance and stimulus for success. Success does not happen immediately. Achieving success happens by having a series of successes. The first successes are small, but as you move up one step at a time, you will move up to accomplish higher and higher achievements. Aim High is a self-help book about self-improvement. I have written the sixteen-step aim high path to personal achievement study guide in a way that I hope will help all who read it improve the quality of their lives. We go through life making choices. We have the capacity to direct our destiny by the choices we make. In the Aim High book I have presented sixteen points I call steps: Effort, Example, Enthusiasm, Spiritual, Physical, Personal, Encouragement, Personality, Financial, Career, Looks, Speak, Purpose, Plan, Belief, Action. These sixteen points provide guidance and serve as a stimulus for success through self-motivation. It is the awaking of the inner self to the potential that can be realized. In order to reach your highest and fullest potential, you must first have the courage to think, to imagine, to dream. Dream! What do you want for yourself out of life? What do you desire? The definition of desire in (thesaurus) is synonyms with hunger, craving, longing, and yearning. Desire will stoke your self-motivation to do! Your first priority is to decide and establish what you desire as your goal. Goal setting is the single most important ingredient in self-motivation that leads to achieving success. Your next priority is to write out a specific plan of action about how you are going to

File Type PDF Aim High Students 1 With Answer Key

achieve your goal, and you should know why you want you desire it. Then go after your goal with passion, a burning desire within you. To do it! My grandson Ryan invited me to go to the movie, The Empire Strikes Back. I was impressed with what the Jedi teacher teaches his student about engaging the force that is the greatest power in the universe. He tells his student that there is no try, that there is either do or not do.

Another important ingredient necessary to achieve success is self-confidence. Self-confidence is a by-product of preparation, and in order to succeed you must discipline yourself to establish the habit of doing what need to be done. Now, not tomorrow! Affirm to yourself, I have faith and belief in myself that I will achieve my goal because I expect to achieve it, because I will work hard to do so, and that no matter what the circumstances, I will never give up. Action is what produces results! Do Power! The thrust of Aim High is to implant the sixteen steps outlined in this book into your mind as seeds necessary for success. We are all born with a powerful tool our brain, and it is up to each and every one of us to learn how to use that powerful tool more efficiently and effectively. On the cover of Aim High, there is a red dot in the center. That dot represents you, and you are your own bulls-eye! To try to hit right in the center of the bulls-eye
