Portrays the dramatic lives of the people living in a small town near a huge stone bridge in the Balkans

David Icke's strongest book to date, *The Robots' Rebellion* reveals the alarming extent to which people of all nations are programmed by the ideas fed to them by those in power. We live in a world which is increasingly dominated by technology but, according to Icke, it is we who are the robots. Fearlessly, he tears down the veils of hypocrisy, built up for generations by the corrupt forces of Church, State, science and commerce — and reveals the true pathos of the human condition beneath. He points, too, to the frightening influence

wielded throughout the planet by a merciless and manipulative network of secret societies. The existence of long-established links between Earth-bound humanity and beings from other dimensions and planets in the Universe has been suppressed for years, says Icke, by the world's power-broking hierarchy. When ordinary people learn the real role they have to play within a rich and varied cosmic society, rebellion against those who have kept this extraordinary truth from them will, he predicts, be inevitable. The author is no stranger to controversy. Formerly best-known as a TV sports commentator and leading spokesman for the British Green Party, he is gaining increasing authority as a tireless campaigner for truth. His widely-publicised spiritual transformation has given him the courage to speak out fearlessly against lies and deceit. Hidebound politicians, bankers, economists, educationalists, scientists and the leaders of the world's established religions are not going to welcome Icke's challenging book. But it is not intended for those who wield and abuse power. This book is for the world's unwilling robots who, says Icke, in an upbeat conclusion, have it within themselves to rise up and take control of their own exciting destiny.

corporate America while the other is living for Christ under intense persecution in China.

The seventies are over. All across America, the overgrown kids of the middle class are getting their acts together--and getting older. The once-tight Chicano community of Chamisaville is long gone, and the Anglo power brokers control almost everything. Joe Miniver--faithful husband, loving father, and all-around good guy--is about to sink roots. To buy the land he wants, he dreams up a coke scam that will net him the necessary bread. Joe is also about to embark on a series of erotic adventures with three headstrong women, bringing him face-to-face with the terrors (and absurdity) of the modern man-woman scene. This final volume in the New Mexico trilogy, like its predecessors, is a lusty, visionary novel that blends comedy and tragedy, reality and fantasy, tenderness and bite, to illuminate some very troubling truths about America--truths no less pointed and accurate today than they were twenty years ago. John Nichols is the author of nine novels and six works of nonfiction. He lives in Northern New Mexico.

What would you do for the cross of Christ? For two thousand years, Christians have courageously triumphed over beatings, stonings, burnings, wild beasts, and every form of evil to boldly proclaim one truth: the name of Jesus. Voices of the Martyrs AD 33 – Today is their story and your Christian heritage. In the 16th century, English preacher John Foxe created what would later be called the “second most important book in history” after the Bible: Foxe’s Book of Martyrs. With dozens of images, modernized English, and up-to-date accounts, Foxe: Voices of the Martyrs faithfully binds the testimonies of more than 50 of Foxe’s heroes from the Early Church to the Reformation with Christians in the

Enlightenment, the Industrial Revolution, and through the twentieth century. More importantly, *Foxe: Voices of the Martyrs* unites past Christians with believers today. Building on over fifty years of ministry to persecuted Christians, The Voice of the Martyrs organization shares sixty-seven stories of Christians who have stood faithfully to the death since 2000. Their courage in the face of ISIS and the Taliban, brutal dictatorships, and government crackdowns will inspire you to boldness and remind you that the same Spirit of Christ Who strengthened Stephen, Peter, and Paul is at work in you today.

In a language kids can understand, Randy Alcorn explores Biblical answers to the questions kids often have about heaven. As in the adult title, *Heaven*, he addresses the difference between the present Heaven, where we go when we die, and the New Earth, where we will live forever with Jesus after he returns. Intended for kids age 8-12, *Heaven for Kids* is sure to be an excellent resource for families, especially those in which the parents have read the adult title and wish to pass on that same level of understanding to their children. The book features ten chapters of questions, and answers based on scripture and written in a style relevant to today's kids. The book also has a summary of the Gospel for those who want to be sure they are going to Heaven someday. Randy encourages kids to live "in Light of Heaven."

Ivo Andric (1892-1975), Nobel Prize laureate for literature in 1961, is undoubtedly the most popular of all contemporary Yugoslav writers. Over the span of fifty-two years some 267 of his works have been published in thirty-three languages. Andric's doctoral dissertation, *The Development of Spiritual Life in Bosnia under the Influence of Turkish Rule* (1924), never before translated into English, sheds important light on

the author's literary writings and must be taken into account in any current critical analysis of his work. Over his long and distinguished career as a diplomat and man of letters Andric never again so directly or discursively addressed, as a social historian, the impact of Turkish hegemony on the Bosnian people (1463-1878), a theme he returns to again and again in his novels. Although Andric's fiction was embedded in history, scholars know very little of his actual readings in history and have no other comparable treatment of it from his own pen. This dissertation abounds with topics that Andric incorporated into his early stories and later novels, including a focus on the moral stresses and compromises within Bosnia's four religious confessions: Catholic, Orthodox, Jew, and Muslim. Z. B. Juricic provides an extensive introduction describing the circumstances under which this work was written and situating it in Andric's oeuvre. John F. Loud's original bibliography drawn from this dissertation stands as the only comprehensive inventory of historical sources known to have been closely familiar to the author at this early stage in his development.
