Hastie, Reid and Steven D. Penrod, Nancy Pennington. Inside the Jury. Cambridge: Harvard University Press, 1983. viii, 277 pp. Reprinted 2002 by The Lawbook Exchange, Ltd. LCCN 2002025963. ISBN 1-58477-269-7. Cloth. \$95. * "A landmark jury study." Contemporary Sociology. An important statistical study of the dynamics of jury selection and deliberation that offers a realistic jury simulation model, a statistical analysis of the personal characteristics of jurors, and a general assessment of jury performance based on research findings conducted by reputed scholars in the behavioral sciences. "The book will stand as the third great product of social research into jury operations, ranking with Kalven and Zeisel's The American Jury and Van Dyke's Jury Selection Procedures." American Bar Association Journal.

Drawing on representative corpora of transcripts from over 100 English criminal jury trials, this stimulating new book explores the nature of 'legal-lay discourse', or the language used by legal professionals before lay juries. Careful analyses of genres such as witness examination and the judge's summing-up reveal a strategic tension between a desire to persuade the jury and the need to conform to legal constraints. The book also suggests ways of managing this tension linguistically to help, not hinder, the jury.

Completely Updated and Revised This revised edition of Peter Senge's bestselling classic, The Fifth Discipline, is based on fifteen years of experience in putting the book's ideas into practice. As Senge

makes clear, in the long run the only sustainable competitive advantage is your organization's ability to learn faster than the competition. The leadership stories in the book demonstrate the many ways that the core ideas in *The Fifth Discipline*, many of which seemed radical when first published in 1990, have become deeply integrated into people's ways of seeing the world and their managerial practices. In *The Fifth Discipline*, Senge describes how companies can rid themselves of the learning "disabilities" that threaten their productivity and success by adopting the strategies of learning organizations—ones in which new and expansive patterns of thinking are nurtured, collective aspiration is set free, and people are continually learning how to create results they truly desire. The updated and revised Currency edition of this business classic contains over one hundred pages of new material based on interviews with dozens of practitioners at companies like BP, Unilever, Intel, Ford, HP, Saudi Aramco, and organizations like Roca, Oxfam, and The World Bank. It features a new Foreword about the success Peter Senge has achieved with learning organizations since the book's inception, as well as new chapters on Impetus (getting started), Strategies, Leaders' New Work, Systems Citizens, and Frontiers for the Future. Mastering the disciplines Senge outlines in the book will: • Reignite the spark of genuine learning driven by people focused on what truly matters to them • Bridge teamwork into macro-creativity • Free you of confining assumptions and mindsets • Teach you to see the forest and the trees • End the struggle between work and personal time

Mock trials help students gain a basic understanding of the legal mechanism through which society chooses to resolve many of its disputes. Participation in mock trials helps students to understand better the roles that the various actors play in the justice system. This handbook explains how to prepare for and conduct mock trials in the classroom and introduces simplified rules of evidence and includes a sample judging form.

Report of the House Permanent Select Committee on Intelligence, Pursuant to H. Res. 660 in Consultation with the House Committee on Oversight and Reform and the House Committee on Foreign Affairs
This report reflects the evidence gathered thus far by the House Permanent Select Committee on Intelligence, in coordination with the Committee on Oversight and Reform and the Committee on Foreign Affairs, as part of the House of Representatives' impeachment inquiry into Donald J. Trump, the 45th President of the United States.

The young Dragon Rider Eragon must finally confront the evil king Galbatorix to free Alagaesia from his rule once and for all.

This book is the first serious study of the history of criminal homicide in America, reaching from precolonial times to the age of the O. J. Simpson trial. Noted historian Roger Lane provides this much-needed overview of the history of murder and our culture's responses to it. Lane demonstrates that the study of murder can provide important clues about the way society actually works, its fears and tensions, its concept of justice, and the value it places on different kinds of human life.
