Examines the theories of city planning and analyzes the role of the modern architect in the design of cities

Dalle figure del reale è una raccolta di saggi sulla figuratività che ricerca, attraversando diversi territori e campi disciplinari, le figure in grado di produrre senso, di rappresentare la condizione contemporanea e le sue mutazioni. I materiali fornitici dalla realtà sono ciò che il progetto di architettura e quello artistico in generale devono rielaborare, rendere poetici attraverso figure che attribuiscono loro nuovi significati: risignificazioni. Antonino Terranova, Roma 1942, è professore ordinario di Composizione architettonica e

Colin Rowe and Robert Slutzky co-founded the architects group "Texas Rangers" at the University of Texas in Austin, together with John Hejduk, Werner Seligmann and Bernhard Hoesli. In conjunction with their teaching activities, the group members sought to develop a new method for architectural design and proceeded to test their models in the teaching environment. Their approach was based on a knowledge of the objective basics of the modern era and modern architecture, culminating in the essay entitled "Transparency: Literal and Phenomenal" as an expression of their theoretic principle.
