CIO magazine, launched in 1987, provides business technology leaders with award-winning analysis and insight on information technology trends and a keen understanding of IT ' s role in achieving business goals.

Case method teaching immerses students in realistic business situations--which include incomplete information, time constraints, and conflicting goals. The class discussion inherent in case teaching is well known for stimulating the development of students' critical thinking skills, yet instructors often need guidance on managing that class discussion to maximize learning. Teaching with Cases focuses on practical advice for instructors that can be easily implemented. It covers how to plan a course, how to teach it, and how to evaluate it.

Download Ebook Concour Online Solutions

The book is organized by the three elements required for a great case-based course: 1) advance planning by the instructor, including implementation of a student contract; 2) how to make leading a vibrant case discussion easier and more systematic; and 3) planning for student evaluation after the course is complete. Teaching with Cases is ideal for anyone interested in case teaching, whether basing an entire course on cases, using cases as a supplement, or simply using discussion facilitation techniques. To learn more about the book, and to see resources available, visit teachingwithcases.hbsp.harvard.edu.

From the irreverent mind of Josh Mecouch, the artist behind the wildly popular Instagram (@pantspants) and Twitter account, @Pants, a collection of affirmations perfect for anyone ready to pass through the portal of self-improvement. Conquer the Day is a collection of affirmations for all those on the long, winding road of personal development. Under the Twitter (@pants) and Instagram handle @PantsPants, Josh Mecouch has a large following who delight in his bizarre and unique illustrations. Now, Conquer the Day invites fans into the larger Pants universe, introducing new characters and never-before-seen art. Pairing encouraging affirmations with emotive black-and-white illustrations—highlighted with the occasional splash of color—Josh takes us on a journey into the world of self-improvement. The contrast between the positive affirmations and the visceral style of the illustrations point to the tension between our hopes and aspirations and the reality of our day-to-day lives as we strive to realize our best selves. Unlock the power of affirmations: I exhale weakness and inhale confidence. I am sexy and people want to be around me. My path to success is inevitable. I focus on what I can control. I organize my socks.
