'The degradations, the wrongs, the vices, that grow out of slavery, are more than I can describe.' Harriet Jacobs was born a slave in the American South and went on to write one of the most extraordinary slave narratives. First published pseudonymously in 1861, Incidents in the Life of a Slave Girl describes Jacobs's treatment at the hands of her owners, her eventual escape to the North, and her perilous existence evading recapture as a fugitive slave. To save herself from sexual assault and protect her children she is forced to hide for seven years in a tiny attic space, suffering terrible psychological and physical pain. Written to expose the appalling treatment of slaves in the South and the racism of the free North, and to advance the abolitionist cause, Incidents is notable for its careful construction and literary effects. Jacobs's story of self-emancipation and a growing feminist consciousness is the tale of an individual and a searing indictment of slavery's inhumanity. This edition includes the short memoir by Jacobs's brother, John S. Jacobs, 'A True Tale of Slavery'. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Praised by teachers for many years, this format is now easier to manage. Passages are carefully controlled to use only vocabulary and syntax already taught and tested. Reading-skills instruction and translation help prepare students for second-year Latin. Twenty lessons formerly in Level I are now at the beginning of Level II, thereby providing better overall pacing.

The classic, single-volume introductory Latin textbook, introduced in 1956 and still the bestselling and most highly regarded textbook of its kind. Wheelock's Latin, sixth edition, revised, has all the features that have made it the best-selling single-volume beginning Latin textbook, many of them revised and expanded: o 40 chapters with grammatical explanations and readings based on ancient Roman authors o Self-tutorial exercises with an answer key for independent study o An extensive English-Latin/ Latin-English vocabulary section o A rich selection of original Latin readings — unlike other textbooks which contain primarily made-up Latin texts o Etymological aids Also includes maps of the Mediterranean, Italy and the Aegean area, as well as numerous photographs illustrating aspects of classical culture, mythology, and historical and literary figures presented in the chapter readings. o The leading self-tutorial Latin program. Also great for college and accelerated high school courses. o Wheelock's Latin is the top-selling Latin reference in the US. o Interest and enrolments in Latin have been steadily rising in the U.S. for the past 20 years. One-half million people are currently enrolled in Latin classes, and at least 10,000 teachers, professors and graduate assistants are teaching the language in America.

The title of this series of Latin books is Ecce Romani, which means "Look! The Romans!" The books in the series will present the Romans to you as you learn the Latin language that they spoke. At first you will meet the members of a Roman family; Latin is the language they use to communicate among themselves. As you continue reading you will meet mythological and historical characters that meant much to the Romans and remain part of our cultural heritage today. You will be introduced to a vast and colorful world of ancient Mediterranean and European civilizations that included peoples who spoke many different languages, and you will meet people of many different cultures and social levels, ranging from slaves to emperors. You will read passages from many ancient Roman writers and thus come into direct communication with the ancient Romans themselves. - Introduction.

ECCE ROMANI - a Latin reading course - was first published in 1971. Its aims are to bring pupils quickly to the point where they can read Latin with confidence, and also to give them some insight into life in the early Roman Empire. The reading passages are written in a lively style and grammatical information is dealt with efficiently and sensibly. This second edition is the result of a complete revision and now provides better preparation for examinations at 16+. It consists of five course books (each with an accompanying book of teacher's notes), two companion reference books and a Roman Studies Handbook containing bibliographical references.

Pliny the Elder's fascination with the world around him resulted in his death in the eruption of Vesuvius in AD 79, but his Natural History was to remain influential for centuries after his death. Central to Pliny's thought was the relationship between man and nature, highlighted in his study of the human race in Book 7, where he ponders topics as diverse as monstrous races, sex changes, breech births and near-death experiences. This volume provides the first detailedcommentary on this key book, together with a translation and introduction, and highlights its interest and importance as a cultural record of early imperial Rome.

In De conversione Indorum et gentilium, the Dutch theologian Johannes Hoornbeeck offers a Protestant view on the world of global heathenism. In a strictly academic, systematic way he designs a missionary approach that is as innovative as it is orthodox.
