Dr. Marieb has partnered with Benjamin Cummings for over 30 years. Her first work was Human Anatomy & Physiology Laboratory Manual (Cat Version), which came out in 1981. In the years since, several other lab manual versions and study guides, as well as the softcover Essentials of Human Anatomy & Physiology textbook, have hit the campus bookstores. This textbook, now in its 11th edition, made its appearance in 1989 and is the latest expression of her commitment to the needs of students ...

Human Anatomy & Physiology Laboratory Manual, Cat Version Plus Mastering A&P with eText -- Access Card Package (12th Edition) (Marieb & Hoehn Human Anatomy & Physiology Lab Manuals) by Elaine N. Marieb and Lori A. Smith | Jan 24, 2015. 4.5 out of 5 stars 34. Spiral-bound

For the two-semester A&P laboratory course. Help manage time and improve learning inside and outside of the lab The #1 best-selling Human Anatomy & Physiology Laboratory Manual helps students and instructors manage time inside and outside of the A&P lab classroom and works hand-in-hand with Mastering A&P, the leading online homework and learning program for A&P. The 13th Edition features dozens of new, full-color figures and photos in the review sheets, as well as revamped clinical application questions and critical thinking questions that reinforce the most important concepts from lab. Encourage students to prepare for lab by assigning recommended Mastering A&P activities for each lab exercise, including 18 pre-lab videos (8 are new to this edition), Building Vocabulary Coaching Activities, exercise review sheet assessment questions, art labeling activities, mobile-ready Practice Anatomy Lab(tm) 3.1 with customizable flashcards, and more. Thousands of assignment options in the Item Library are closely correlated with the print edition of the manual, making it easier than ever to create homework assignments that are aligned with your lab activities. Continuing to set the standard for the 2-semester A&P laboratory course, the lab manual complies with the illustration and presentation style of the best-selling Marieb/Hoehn Human Anatomy & Physiology text, but can accompany any A&P textbook. New customization options are available through Pearson Collections, as well as three conventional versions: Main (12th Edition), Cat (13th Edition), and Fetal Pig (13th Edition). Also available with Mastering A&P By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. Mastering A&P assignments support interactive features in the lab manual, including pre-lab video coaching activities, bone, muscle, and dissection videos, Dynamic Study Modules, Get Ready for A&P, plus a variety of Art Labeling Questions, Clinical Application Questions, and more. Note: You are purchasing a standalone product; Mastering A&P does not come packaged with this content. Students, if interested in purchasing this title with Mastering A&P, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and Mastering A&P, search for: 0134767330 / 9780134767338 Human Anatomy & Physiology Lab Manual, Main Version Plus MasteringA&P with Pearson eText -- Access Card Package, 12/e Package consists of: 0134763246 / 9780134763248 MasteringA&P with Pearson eText -- ValuePack Access Card -- for Human Anatomy & Physiology Laboratory Manuals 0134806352 / 9780134806358 Human Anatomy & Physiology Lab Manual, Main Version

NOTE: You are purchasing a standalone product; MasteringA&P does not come packaged with this content. If you would like to purchase both the physical text and MasteringA&P search for ISBN-10: 0133893383 /ISBN-13: 9780133893380 . That package includes ISBN-10: 0133925595 /ISBN-13: 9780133925593 and ISBN-10: 0133999300 /ISBN-13: 9780133999303. For the two-semester A&P laboratory course. All instructor resources for this title are available in the Instructor Resources section on the MasteringA&P site. Helping millions of future healthcare professionals prepare for lab and practice lab concepts. Revered for its thorough, clearly written exercises and explanations, Human Anatomy & Physiology Laboratory Manual has provided millions of future healthcare professionals with a complete hands-on laboratory and learning experience. The fully revised Twelfth Edition provides a more active, workbook-style approach that incorporates visual summaries, streamlines information, and engages students with hands-on drawing and review activities. New features include assignable Pre-lab Videos that introduce students to the lab and related equipment, and "Why this Matters," which shows the relevance of lab activities to real-life and clinical examples. This edition is fully integrated with MasteringA&P, offering assignable visual media and activities that promote active learning and engage students. For the first time, the lab manual is publishing alongside Marieb/Hoehn's best-selling Human Anatomy & Physiology . Designed to meet the needs of the 2-semester A&P laboratory course, the manual can be used with any A&P textbook and is available in a customized edition, as well as in three conventional versions: Main (Eleventh Edition), Cat (Twelfth Edition), and Fetal Pig (Twelfth Edition). Also Available with MasteringA&P ® This title is also available with MasteringA&P -- an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Students, if interested in purchasing this title with MasteringA&P, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

Now in its Ninth Edition, Essentials of Human Anatomy & Physiology continues to set the standard for short-course A&P texts with an enhanced media package, an updated art program, and new "active learning" features that help allied health students better visualize and understand the structure and function of the human body. Elaine Marieb's clear and friendly writing style emphasizes the relevance of anatomy and physiology to students' lives and careers. It clarifies concepts, defines key terms, and offers just the right balance of anatomy, physiology, and clinical coverage to make the content complete without being overwhelming. While many authors merely condense a two-semester text to meet a one-semester need, Elaine Marieb wrote this book specifically for the one-semester course and continues to carefully select a range of material that proves just right for the shorter course. New information on hot topics like DNA fingerprinting, contraception, stem cell research, and obesity draws students into the material, while a flexible topic structure allows instructors to choose a chapter sequence to meet virtually any need. CourseSmart textbooks do not include any media or print supplements that come packaged with the bound book.

For the two-semester A&P laboratory course. Fully engage students in their A&P Lab experience Human Anatomy & Physiology Laboratory Manual: Making Connections distinguishes itself from other A&P lab manuals by focusing on and addressing the most common teaching challenges in the lab--getting students to engage in the lab, to prepare for the lab, and to apply concepts in the lab. Catharine Whiting's active learning approach incorporates a rich variety of hands-on activities and guided questions to get students engaged and asking questions. The 2nd Edition provides new features, such as "What You Need to Know Before You Start this Unit" at the beginning of each Unit and new Pre-Lab Video Coaching Activities to help students learn what they need to review before lab. Developed as the companion to Erin Amerman's Human Anatomy & Physiology, 2nd Edition, Whiting's lab manual reflects the same superb art program and terminology found in the Amerman textbook. Human Anatomy & Physiology Laboratory Manual: Making Connections, 2nd Edition is available in three versions for your students: Main, Cat and Fetal Pig. The Cat and Fetal Pig versions are identical to the Main version except that they include seven additional cat dissection and nine additional fetal pig dissection exercises, respectively, at the back of the lab manual. Also available with Mastering A&P Mastering(tm) is the teaching and learning platform that empowers you to reach every student. By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. Mastering A&P assignments support interactive features in the lab manual and include new Pre-Lab Video coaching activities, new Cat Dissection Video and Fetal Pig Dissection Video coaching activities, new fully mobile PAL 3.1 plus PAL 3.1 Customizable Flashcards, Learning Catalytics (tm) , A&P Flix 3D muscle animations, a variety of Art Labeling Questions, Clinical Application Questions, and more. Note: You are purchasing a standalone product; Mastering A&P does not come packaged with this content. Students, if interested in purchasing this title with Mastering A&P, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and Mastering A&P, search for: 0134685253 / 9780134685250 Human Anatomy & Physiology Laboratory Manual: Making Connections, Main Version Plus MasteringA&P with Pearson eText -- Access Card Package, 2/e Package consists of: 0134746430 / 9780134746432 Human Anatomy & Physiology Laboratory Manual: Making Connections, Main Version, 2/e 013474697X / 9780134746975 MasteringA&P with Pearson eText -- ValuePack Access Card -- for Human Anatomy & Physiology Lab Manual: Making Connections, 2/e

For one-semester courses in A&P Lab. A Brief, Student-Friendly Lab Manual for One-Semester A&P--Now in Full Color Developed especially for a fast-paced, one-semester A&P course, Elaine Marieb and Pamela Jackson's Essentials of Human Anatomy and Physiology Laboratory Manual, 7th Edition provides 27 full-color, hands-on laboratory exercises, along with a built-in Histology Atlas. The Lab Manual can accompany any one-semester A&P text, but it is most effectively paired with Marieb and Keller's Essentials of Human Anatomy & Physiology, 12th Edition. Each lab exercise consists of a variety of easy-to-follow activities, all supported by a checklist of materials, a Pre-Lab Quiz, background information, learning objectives, and tear-out review sheets. The black and white figures in previous editions are now in full-color, and the 7th Edition further expands on its student-friendly writing style with updated terminology and review questions, streamlined content presented in tables, and a new, more intuitive design.

Featuring extensive new instructor support materials for easier quizzing in the lab, this best-selling laboratory manual provides a wide variety of exercises and activities designed to meet the needs of any 2-semester anatomy & physiology laboratory course. Known for its thorough, clearly-written exercises, full-color art, and integrated tear-out review sheets, this lab manual gives students a complete hands-on laboratory and learning experience inside and outside of the lab. The new edition has been fully revised with even more accessible language and more than 50 new and improved cadaver and histology photos. It also features engaging new Group Challenge activities that encourage a more active learning experience in the lab. Intended for use with any A&P textbook, the lab manual is available in customized editions as well as in three conventional versions: Main (Tenth Edition), Cat (Eleventh Edition), and Fetal Pig (Eleventh Edition).

This best-selling Laboratory Manual, written by Terry R. Martin, has been updated throughout. The new 14th edition is available in both a Cat version or a Fetal Pig version. Both versions of the 14th edition are organized into units that correlate directly with the text and include new and updated art to match Hole's Human Anatomy and Physiology, 14e.

For two-semester anatomy & physiology lab courses. A concise, workbook-style approach for a fast-paced A&P lab course This full-color laboratory manual is designed for instructors who teach a two-semester anatomy & physiology lab course, but do not require the full range of laboratory exercises found in Marieb and Smith's best-selling Human Anatomy & Physiology Lab Manual (Cat, Fetal Pig, and Main). Written to complement Marieb and Hoehn's streamlined Anatomy & Physiology, 7th Edition, the manual can be used with any two-semester text. The 27 concise, activity-based lab exercises explore fundamental concepts in anatomy & physiology and build students' observational and laboratory skills. The manual's workbook-style approach incorporates visual summary tables, reviews key information, and engages students with hands-on drawing, labeling, and writing activities that can be completed using handy tear-out review sheets. Each lab includes learning objectives and efficient summaries of key concepts, as well as a list of materials needed for conducting the lab. The 7th Edition adds dozens of new, full-color illustrations and photos plus new critical thinking and clinical application questions to the Exercise Review Sheets. To improve clarity and readability, the headings, exercise tabs, and tables feature more saturated colors.

KEY BENEFIT: This best-selling, restructured laboratory manual now includes an entirely new interactive website built specifically for the A&P lab course. For the first time, MyAandP.com includes Practice Anatomy Lab (PAL(TM)) 2.0 and provides 24/7 access to a rich array of anatomy lab specimens, practice quizzes, and simulated lab practicals, gradable pre- and post-lab exercise quizzes for each of the 46 labs in the Marieb lab manual, the new PhysioEx(TM) 8.0, and videos of lab experiments. The Human Body: An
