from the book with a larger knowledge base. Security is a constantly growing concern that everyone must deal with.

Whether it's an average computer user or a highly skilled computer user, they are always confronted with different security risks. These risks range in danger and

# Online Library Manual

should always be dealt with accordingly. Unfortunately, not everyone is aware of the dangers or how to prevent them and this is where most of the issues arise in information technology (IT). When computer users do not take security into account many issues can arise from that

brought to the interactions with one another and with the sedentary cultures they encountered. In light of this portrait of Kalmyk culture and internal politics, Khodarkovsky rereads from the Kalmyk point of view the Russian history of disputes between the two peoples.

# Online Library Manual

Whenever possible, he compares Ottoman accounts of these events with the Russian sources on which earlier interpretations have been based.

Khodarkovsky's analysis deepens our understanding of the history of Russian expansion and establishes a new
