**Designed** to address both concerns about fuel economy generated by the first oil crisis in the 1970s and competition for sales from the BMW 3 Series. Many doubted that Mercedes could deliver a compact car whilst retaining their traditional qualities. But the W201 soon won them over. For here was a car that was a real Mercedes in the tradition of the time - it was just smaller. With around 200 photographs, the book features the reasons behind the need to build a new compact saloon in the 1980s. It covers the styling, engineering and specification changes introduced over the lifetime of the model; gives full technical specifications, including paint and interior trim choices and production tables and vehicle number sequences. The story of Mercedes' long and exciting struggle to win the
