Because of Elie Wiesel and his book, "Night", I have been a student of the Holocaust for over 30 years. This show uses too many generalities and at times is inaccurate. There are much better documentaries to give a more profound prospective on the Holocaust and Elie Wiesel himself. Elie Wiesel deserves a better tribute. RIP

A New Translation From The French By Marion Wiesel Night is Elie Wiesel's masterpiece, a candid, horrific, and deeply poignant autobiographical account of his survival as a teenager in the Nazi death camps. This new translation by Marion Wiesel, Elie's wife and frequent translator, presents this seminal memoir in the language and spirit truest to the author's original intent. And in a substantive new preface, Elie reflects on the enduring importance of Night and his lifelong, passionate dedication to ensuring that the world never forgets man's capacity for inhumanity to man. Night offers much more than a litany of the daily terrors, everyday perversions, and rampant sadism at Auschwitz and Buchenwald; it also eloquently addresses many of the philosophical as well as personal questions implicit in any serious consideration of what the Holocaust was, what it meant, and what its legacy is and will be.

Three works deal with a concentration camp survivor, a hostage holder in Palestine, and a recovering accident victim.

An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.

What is the difference between writing a novel about the Holocaust and fabricating a memoir? Do narratives about the Holocaust have a special obligation to be 'truthful'—that is, faithful to the facts of history? Or is it okay to lie in such works? In her provocative study *A Thousand Darkesses*, Ruth Franklin investigates these questions as they arise in the most significant works of Holocaust fiction, from Tadeusz Borowski's *Auschwitz stories* to Jonathan Safran Foer's postmodernist family history. Franklin argues that the memory-obsessed culture of the last few decades has led us to mistakenly focus on testimony as the only valid form of Holocaust writing. As even the most canonical texts have come under scrutiny for their fidelity to the facts, we have lost sight of the essential role that imagination plays in the creation of any literary work, including the memoir. Taking a fresh look at memoirs by Elie Wiesel and Primo Levi, and examining novels by writers such as Piotr Rawicz, Jerzy Kosinski, W.G. Sebald, and Wolfgang Koeppen, Franklin makes a persuasive case for literature as an equally vital vehicle for understanding the Holocaust (and for memoir as an equally ambiguous form). The result is a study of immense depth and range that offers a lucid view of an often cloudy field.

The author, at age eighty-two, was told that he needed immediate surgery to clear his blocked arteries. On what he knew might very well be his deathbed, he reflected on his many losses and accomplishments, and on all that remained to be done.
