Queen Elizabeth I - Siblings, Reign & Death - Biography
Elizabeth I - the last Tudor monarch - was born at Greenwich on 7 September 1533, the daughter of Henry VIII and his second wife, Anne Boleyn. Her early life was full of uncertainties, and her chances of succeeding to the throne seemed very slight once her half-brother Edward was born in 1537. She was then third in line behind her Roman Catholic half-sister, Princess Mary.

This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Renaissance and Reformation, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

Monarchy and Matrimony is the first comprehensive study of Elizabeth I's courtships. Susan Doran argues that the cult of the 'Virgin Queen' was invented by her ministers, and that Elizabeth was forced into celibacy by political necessity. Doran's detailed examination of the different suits is based on extensive archival research across Europe. Rather than focusing on Elizabeth's personality and image, she views the question within a wider political and religious context. She shows how the question of Elizabeth's marriage was divisive for England, affecting both political life and international relations, and provoking popular propaganda in the form of plays, poetry and paintings.

Elizabeth I is arguably one of the greatest monarchs and women of English history. Against an uncertain political and religious backdrop of post-reformation Europe she ruled at the conception of social modernization, living in the shadow of her parents reputations and striving to prove herself an equal to the monarchs who had gone before her. This book seeks to explore some of the key events of her life both before and after she ascended to the English throne in late 1558. By looking at the history of these selected events, as well as investigating the influence of various people in her life, this book sets out to explain Elizabeth 's decisions, both as a queen and as a woman. Amongst the events examined are the death of her mother, the role and fates of her subsequent stepmothers, the fate of Lady Jane Grey and the subsequent behavior and reign of her half sister Mary Tudor, along with the death of Amy Dudley, the return of Mary Queen of Scots to Scotland, the Papal Bull and the Spanish Amanda.

In this major contribution to the Ideas in Context series Anne McLaren explores the consequences for English political culture when, with the accession of Elizabeth I, imperial 'kingship' came to be invested in the person of a female ruler. She looks at how Elizabeth managed to be queen, in the face of considerable male opposition, and demonstrates how that opposition was enacted. Dr McLaren argues that during Elizabeth's reign men were able to accept the rule of a woman partly by inventing a new definition of 'citizen', one that made it an exclusively male identity, and she emphasizes the continuities between Elizabeth's reign and the outbreak of the English civil war in the seventeenth century. A significant work of cultural history informed by political thought, Political Culture in the Reign of Elizabeth I offers a wholesale reinterpretation of the political dynamics of the reign of Queen Elizabeth.

'Borman approaches her topic with huge enthusiasm and a keen eye for entertaining... this is a very human story of a remarkable family, full of vignettes that sit long in the mind.' Dan Jones, The Sunday Times
'Tracy Borman's eye for detail is impressive: the book is packed with fascinating courtly minutiae... this is a wonderful book.' The Times
'Borman is an authoritative and engaging writer... good at prising out those humanising details that make the past alive to us.' The Observer
'Fascinating, detailed account of the everyday reality of the royals... This is a book of rich scholarship.' Daily Mail
'Tracy Borman's passion for the Tudor period shines forth from the pages of this fascinatingly detailed book, which vividly illuminates what went on behind the scenes at the Tudor court.' Alison Weir 'I do not live in a corner. A thousand eyes see all I do.' Elizabeth I
The Tudor monarchs were constantly surrounded by an army of attendants, courtiers and ministers. Even in their most private moments, they were accompanied by a servant specifically appointed for the task. A groom of the stool would stand patiently by as Henry VIII performed his daily purges, and when Elizabeth I retired for the evening, one of her female servants would sleep at the end of her bed. These attendants knew the truth behind the glamorous exterior. They saw the tears shed by Henry V II upon the death of his son Arthur. They knew the tragic secret behind 'Bloody' Mary's phantom pregnancies. And they saw the 'crooked carcas' beneath Elizabeth I's carefully applied makeup, gowns and accessories. It is the accounts of these eyewitnesses, as well as a rich array of other contemporary sources that historian Tracy Borman has examined more closely than ever before. With new insights and discoveries, and in the same way that she brilliantly illuminated the real Thomas Cromwell - The Private Life of the Tudors will reveal previously unexamined details about the characters we think we know so well.

A study of politics and political culture of the 'last decade' of the reign of Elizabeth I, in effect the years 1585 to 1603.

NEW YORK TIMES BESTSELLER Perhaps the most influential sovereign England has ever known, Queen Elizabeth I remained an extremely private person throughout her reign, keeping her own counsel and sharing secrets with no one—not even her closest, most trusted advisers. Now, in this brilliantly researched, fascinating new book, acclaimed biographer Alison Weir shares provocative new interpretations and fresh insights on this enigmatic figure. Against a lavish backdrop of pageantry and passion, intrigue and war, Weir dispels the myths surrounding Elizabeth I and examines the contradictions of her character. Elizabeth I loved the Earl of Leicester, but did she conspire to murder his wife? She called herself the Virgin Queen, but how chaste was she through dozens of liaisons? She never married—was her choice to remain single tied to the chilling fate of her mother, Anne Boleyn? An enthralling epic that is also an amazingly intimate portrait, The Life of Elizabeth I is a mesmerizing, stunning reading experience.

This series traces the economic and social consequences of conflict both theoretically and through empirical investigations, including seven country case studies.

The fifth volume in this annotated collection of texts relating to the 'progresses' of Queen Elizabeth I around England provides 26 appendices, a detailed bibliography of primary and secondary sources, and the index to Volumes I to V.

The reign of Elizabeth I was a Golden Age of English culture. Part of Elizabeth's policy of 'popular monarchy' took the form of tours throughout southern England and the Midlands. In return, her hosts staged theatrical performances, pageants, and entertainments. These essays explore the Elizabethan progresses from a range of perspectives.
