The Elis James and John Robins' Show has become cult listening, and that cult has registered for charitable status, published quarterly accounts and been given a full blessing by the Archbishop of Broadcasting. It's official: Elis and John are a religion, and this book is their Holy Vible. Have you ever failed to Keep It Session? Is your new flatmate a complete coin? Have you ever eaten Space Raiders on the toilet and written 'Grief Is Living' in your journal? Then this book is for you. If not, don't worry, it won't be long before you're making up games, looking at Freddie, or facing your own personal farthing-gate. Our obsessions make us what we are, and though you may never have addressed a will to Brian May or cried watching Ronnie O' Sullivan make a 147, you'll have done something similar, and Elis and John are here to tell you that you're not weird, so come on in, and taste the vibe! Or should I say, READ the vibe!

'Shooting live music performances is something few photographers do really well. I just happened to discover one day that I was pretty good at it.' Neal Preston is one of the greatest rock photographers of all time. *Exhilarated and Exhausted* is a no-holds-barred complete retrospective of his more than 40-year career. Neal's photographs vibrate with a palpable and inimitable intensity. As Crowe observes, 'You can feel the music, the audience, the desperate need to find a place in the world, all of it, in these photos because they were curated by the guy who felt it all when he pressed the button on the camera. They're snapshots of what's most elusive - truth and fun and for that one moment, on that one night, the thrill of belonging.' This exceptional volume is a who's who of rock royalty. Neal was
