What is Rumspringa? - Amish

Etymology. Rumspringa is a Pennsylvania German noun meaning "running around". It is a cognate of the Standard German verb rumspringen. Dialects do not derive from standard languages, but as a cognate, this expression is closely related to the Standard German verb (he)rumspringen meaning "to jump around or about". The Standard German term is a compound word of the adverb herum (around, about ...

Rumspringa by Tom Shachtman: Summary and reviews

Rumspringa is a fascinating look at a little-known Amish coming-of-age ritual, the rumspringa—the period of "running around" that begins for their youth at age sixteen. Through vivid portraits of teenagers in Ohio and Indiana, Tom Shachtman

An analysis of Amish youth culture profiles the coming-of-age ritual known as the rumspringa, during which sixteen-year-old Amish adolescents are permitted to venture outside of the bounds of their faith, experiment with alcohol and smoking, wear trendy clothes, and ultimately decide if they want to remain detached from the outside world. Reprint.

When two young Amish men find love, will they risk losing everything? In a world where every detail of life is dictated by God and the all-powerful rules of the church, David takes on Isaac as a carpentry apprentice. Soon their attraction grows amid the sweat and sawdust, and they share sinful secrets. Can they reconcile their shocking desires with their commitment to faith, family and community?

Abstract:

In this digital short, Kraybill considers the nuances of this important rite of passage into Amish adulthood.

"Although promised to the widowed neighbor Zeb, Emma is considering leaving her Amish community to watch over her younger brother Mark when he leaves for Philadelphia to explore the outside world during his

Rumspringa. There, she reconnects with her former beau Caleb, who protects the Amish teens, introducing them to his life evangelizing and helping the homeless. Unbeknownst to Emma, Caleb is glad for the opportunity to spend time with her and hopes to win her back. Struck by the power of evangelism and outreach, Emma begins to feel a draw to Caleb's way of life. When she doesn't return home when she promised, Zeb goes to the city to find her, forcing Emma to choose in which of their two worlds she really belongs"--Bn.com.

Humans are a striking anomaly in the natural world. While we are similar to other mammals in many ways, our behavior sets us apart. Our unparalleled ability to adapt has allowed us to occupy virtually every habitat on earth using an incredible variety of tools and subsistence techniques. Our societies are larger, more complex, and more cooperative than any other mammal's. In this stunning exploration of human adaptation, Peter J. Richerson and Robert Boyd argue that only a Darwinian theory of cultural evolution can explain these unique characteristics. Not by Genes Alone offers a radical interpretation of human evolution, arguing that our ecological dominance and our singular social systems stem from a psychology uniquely adapted to create complex culture. Richerson and Boyd illustrate here that culture is neither superorganic nor the handmaiden of the genes. Rather, it is essential to human adaptation, as much a part of human biology as bipedal locomotion. Drawing on work in the fields of anthropology, political science, sociology, and economics—and building their case with such fascinating examples as kayaks, corporations, clever knots, and yams that require twelve men to carry them—Richerson and Boyd convincingly demonstrate that culture and biology are inextricably linked, and they show us how to think about their interaction in a way that yields a richer understanding of human nature. In abandoning the nature-versus-nurture debate as fundamentally misconceived, Not by Genes Alone is a truly original and groundbreaking theory of the role of culture in evolution and a book to be reckoned with for generations to come. "I continue to be surprised by the number of educated people (many of them biologists) who think that offering explanations for human behavior in terms of culture somehow disproves the suggestion that human behavior can be explained in Darwinian evolutionary terms. Fortunately, we now have a book to which they may be directed for enlightenment It is a book full of good sense and the kinds of intellectual rigor and clarity of writing that we have come to expect from the Boyd/Richerson stable."—Robin Dunbar, Nature "Not by Genes Alone is a valuable and very readable synthesis of a still embryonic but very important subject straddling the sciences and humanities."—E. O. Wilson, Harvard University

A summer of firsts Sixteen-year-old Eliza Miller has never made a phone call, never tried on a pair of jeans, never sat in a darkened theater waiting for a movie to start. She's never even talked to someone

Read Book Rumspringa To Be Or Not To Be Amish

her age who isn't Amish, like her. A summer of good-byes When she leaves her close-knit family to spend the summer as a nanny in suburban Chicago, a part of her can't wait to leave behind everything she knows. She can't imagine the secrets she will uncover, the friends she will make, the surprises and temptations of a way of life so different from her own. A summer of impossible choices Every minute Eliza spends with her new friend Josh feels as good as listening to music for the first time, and she wonders whether there might be a place for her in his world. But as summer wanes, she misses the people she has left behind, and the Plain life she once took for granted. Eliza will have to decide for herself where she belongs. Whichever choice she makes, she knows she will lose someone she loves.

Can the world change a person? The woman of the house since her mueter died at age eleven, Elizabeth Shetler dreams of being independent—or at least safely away from her abusive vater. When she overhears a group of youth planning to move to Asheville, Missouri for Rumspringa, Elizabeth begs to tag along as housekeeper. She, too, is curious about the world beyond Swan Creek Settlement, but will she and the others learn even more about themselves?

Describes the author's Amish childhood, his departure from his community at age sixteen, his struggles to return to the Amish way of life, and his final acceptance of his own identity and his past.
