A bold re-imagining of our civilization's greatest tale of war, from the acclaimed and bestselling

author of *Silk*. In *An Iliad*, Alessandro Baricco re-creates the siege of Troy through the voices of twenty-one Homeric characters, in the narrative idiom of our modern imagination. From the return of Chryseis to the burial of Hector, we see through human eyes and feel with human hearts the unforgettable events first recounted almost three thousand years ago. Imbuing the stuff of legend with a startling new relevancy and humanity, Baricco gives us *The Iliad* as we have never known it. His transformative achievement is certain to delight and fascinate all readers of Homer's indispensable classic.

From one of Italy's most respected literary voices, a manifesto on the state of global culture and how connectivity is changing the way we experience it. For the gatekeepers of traditional high culture, the rise of young ambitious outsiders has indeed seemed like nothing short of a barbarian invasion. In this concise and powerful manifesto, Alessandro Baricco explores a handful of realms that have been "plundered"-wine, soccer, music, and books-and extrapolates that it is not a case of old values against new but a widespread mutation that we are all part of, leading toward a different way of having experiences and creating meaning.

The author of the international bestseller *Silk* now delivers a ravishing and wildly inventive novel about friendship, genius and its discontents, and the redemptive power of narrative. Somewhere in America lives a brilliant boy named Gould, an intellectual guided missile aimed at the Nobel Prize. His only companions are an imaginary giant and an imaginary mute. Improbably—and yet with impeccable logic--he falls into the care of Shatzy Shell, a young woman whose life up till that point has been equally devoid of human connection. Theirs is a relationship of stories and of stories within stories: of Gould's evolving saga of an underdog boxer and the violent Western that Shatzy has been dictating into a tape recorder since the age of six. Out of these stories, Alessandro Baricco creates a masterpiece of metaphysical pulp fiction that recalls both Scheherazade and Italo Calvino. By turns exhilarating and deeply moving, *City* is irresistible.

The Young Bride is a scintillating and sensual novel about a young woman's ingress into a fantastically strange family. The hand of the young woman in question has been promised to the scion of a noble family. She is to make her preparations for marriage at the family's villa, where the inhabitants never seem to sleep. The atmosphere turns surreal as the days pass and her presence on the family estate begins to make itself felt on her future in-laws. Internationally bestselling novelist Alessandro Baricco portrays a cast of mysterious characters whose lives and every act seem to exist beyond the rules of causation as he tells a story about fate and the difficult job of confronting the Other and

creating an Us.
