The official companion book to the popular PBS television series, Great Lodges, and the second volume in Christine Barnes's popular series, Great Lodges of the National Parks, Volume Two, will leave a lasting impression on any reader. Blending stunning nature, unique buildings, and fascinating stories, Great Lodges will transport you to another place through beautiful photography and writing. The selected lodges represent an eclectic collection of architecture that reflects America's social changes: from neo-classical grand resorts and Spanish revival villas to traditional lake lodges and log cabins in the mountains. Stunning photography by Fred Pflughoft and David Morris compliment Barnes's research and writing, while historical black-and-white photographs give readers a new appreciation for the historical landmarks and vistas that compliment our national parks.

Smart, short, and irresistibly illustrated, This Is a Book for People Who Love National Parks is a park-by-park celebration of the American outdoors. For devoted park-goers and casual campers alike, this charming guide is nothing short of a celebration of America's natural wonders. An introduction to the storied history of the Parks Service is paired with engaging profiles of each of the sixty-one National Parks, from Acadia to Zion and everything in between. Quirky facts and key dates are woven throughout, while refreshingly modern illustrations capture the iconic features of each majestic setting. Deeply researched but not too serious, This Is a Book for People Who Love National Parks is an essential addition to every park lover's field library.

Now in a fully updated edition, this invaluable reference work is a fundamental resource for scholars, students, conservationists, and citizens interested in America's national park system. The extensive collection of documents illustrates the system's creation, development, and management. The documents include laws that established and shaped the system; policy statements on park management; Park Service self-evaluations; and outside studies by a range of scientists, conservation organizations, private groups, and businesses. A new appendix includes summaries of pivotal court cases that have further interpreted the Park Service mission.

"In this remarkable journey, Mark Woods captures the essence of our National Parks: their serenity and majesty, complexity and vitality—and their power to heal." --Ken Burns Many childhood summers, Mark Woods piled into a station wagon with his parents and two sisters and headed to America's national parks. Mark's most vivid childhood memories are set against a backdrop of mountains, woods, and fireflies in places like Redwood, Yosemite, and Grand Canyon national parks. On the eve of turning fifty and a little burned-out, Mark decided to reconnect with the great outdoors. He'd spend a year visiting the

national parks. He planned to take his mother to a park she'd not yet visited and to re-create his childhood trips with his wife and their iPad-generation daughter. But then the unthinkable happened: his mother was diagnosed with cancer, given just months to live. Mark had initially intended to write a book about the future of the national parks, but *Lassoing the Sun* grew into something more: a book about family, the parks, the legacies we inherit and the ones we leave behind.

Covers national historical parks, monuments and battlefields, and scenic trails and features lists including the best lodges, hippest hikes, and most stunning star-gazing sites, as well as park-ranger anecdotes and travel tips.
