The Real Guy Fawkes - casematepublishing.co.uk

Guy Fawkes was the leader of a covert group of insurgents that tried to blow up the Houses of Parliament. But there is much more to this story than most people know. Given that there is a fictional account on TV at the moment (a bit dressed up for my liking) and a soon to be aired documentary, this might be the book to read before watching said programmes.

Amazon.co.uk:Customer reviews: The Real Guy Fawkes

The Real Guy Fawkes by Nick Holland - Books on Google Play

Arrested and tortured, John Johnson revealed that he was from Yorkshire in northern England and that his real name was Guy Fawkes. He was one of several Catholic conspirators in what became known as the Gunpowder Plot. While not the ringleader himself, Fawkes became the best known member of the most famous conspiracy in English history.

Who was Guy Fawkes, the man behind the mask? | National ...

Guy Fawkes, born in York in 1570, is one of the key figures in British history, taking a central role in a plot that would have destroyed the ruling class and changed the nation forever. Today protesters wear his mask, families burn his effigy, and he is an instantly recognizable name and face.

Guy Fawkes, born in York in 1570, is one of the key figures in British history, taking a central role in a plot that would have destroyed the ruling class and changed the nation forever. Today protesters wear his mask, families burn his effigy, and he is an instantly recognizable name and face. But just who was the real Guy Fawkes? In this new book, we take an exciting look at the flesh and blood person behind the myth. We find out what radicalized the man who was born a Protestant, and yet planned mass murder for the Catholic cause. The book takes a fresh look at Guy's early life in York and beyond, and examines how that led to him becoming a Catholic mercenary and a key member of the 1605 Gunpowder treason. This fresh new biography of Guy's life removes the layers of complexity that can cloud the British history of this time: an era when fearful Catholics hid in tiny priest holes, government spies were everywhere, and even your closest friends could send you to be hung, drawn and quartered. Guy and his conspirators were prepared to risk everything and endanger everyone, but were they fanatics, freedom fighters, or fools? This explosive read, accompanied with beautiful illustrations, is accessible and engaging, combining contemporary accounts with modern analysis to reveal new motivations behind Guy's actions.

Bonfire Night, observed annually to memorialize the Gunpowder Plot, is one of England's most festive occasions. Why has the memory of this act of treason and terrorism persisted for 400 years? Sharpe unravels the web of religion and politics that gave rise to the plot, and wittily shows how celebration of that night has changed over the centuries.

Presents the life of Guy Fawkes, with emphasis on his involvement in the Gunpowder Plot, an attempt to blow up the British Houses of Parliament during the reign of James the first.

Had you said "What a guy!" in 17th-century England, anyone would have understood you were admiring a flaming effigy of Guy Fawkes of the Gunpowder Treason Plot. How times have changed! In America and, indeed, most of the English-speaking world, "guy" is so embedded in daily speech that we scarcely notice how odd it truly is: a singular "guy" referring to males only, a plural "guys" encompassing the entire human race. The journey from England's greatest villain to America's favorite second-person plural pronoun offers a story rich with surprising and unprecedented turns. Through his trademark breezy, highly readable style, acclaimed writer Allan Metcalf takes us deep into this history, uncovering the intrigue, murderous plots, and torture out of which the word emerged in 1605. From there, it's a thrilling run through 17th-century England, bloody religious controversies, and across the Atlantic to America, where the word took on a life of its own, exploding into popular culture and day-to-day conversation. From the disappearance of thou, to George Washington and the American Revolution, to the modern revival of Guy Fawkes in V for Vendetta, Metcalf explores the improbable history of a simple word so indispensable to our daily lives, and that evokes deep insights into the evolution of English itself.

A narrative account of one of a historic attempt to blow up king and parliament in England in 1605, events commemorated today in Bonfire Night. Part of the Usborne Reading Programme.

The first fully-rounded portrait of the man behind the Gunpowder Plot For hundreds of years Guy Fawkes has been portrayed as perhaps too extreme a figure—a rabid, bloodthirsty Catholic who not only tried to bomb British Parliament but threatened the English way of life. This biography reveals that he was much more than an evil, shadowy conspirator with an axe to grind. John Paul Davis delves into the evidence and makes a convincing case for new thinking on one of English history's greatest enigmas. Not only is the Gunpowder Plot of 1605 thrillingly reteold, but Guy Fawkes can now be seen as a multi-faceted figure—husband, soldier, lover, adveturer, spy, and possibly the most misunderstood of English villains.

There was a real plot we shall have to judge for ourselves as the tense story unfolds; but it is not to be wondered at that Englishmen felt a shock of horror and of relief from catastrophe on November 5, 1605, or that we still celebrate the deliverance. Men, who were themselves good, in the sense that they were filled with religious zeal, had certainly planned one of the most evil deeds in history. They had planned murder on a mass scale; murder of King and Lords. The aim of this book is to take a familiar event in history and examine the cause and effect so that it no longer stands isolated from its background.
