What To Read This Summer - The Wall Street Journal

The Wall Street Journal reviewed *Cop in the Hood* today. In the small world of books like this, that's big. And it's a good review! My only complaint is his assertion in the last paragraph that I lacked the impulse to run toward gunfire. I often did. My heart was big enough to be a good researcher and a good police officer.

"A rhyming chronicle of the wild, weird, and wonderful happenings of a singular day on which a curious horse escapes its corral on a mission"--

For centuries, the importance of financial accounting has been well understood. Essential to building businesses, states, and even empires, accounting has also helped leaders measure their power and craft their policies. When practiced poorly or neglected, accounting has contributed to cycles of destruction, as the 2008 financial crisis has made all too clear. In *The Reckoning*, award-winning historian Jacob Soll shows how the use and misuse of financial bookkeeping has determined the fate of entire societies. In the right hands, accounting has created social stability, good governance, and economic

Online Library Wall Street Journal Book Review Civil

Prosperity. In the wrong hands, good accounting practices have often been subverted, with disastrous results ranging from financial losses and debt to complete economic collapse. From the Medici bankers to the director of finances under Louis XVI, from the Industrial Revolution to the Stock Market Crash of 1929 and the Great Recession, *The Reckoning* demonstrates that civilizations are only as strong as their bookkeepers.

local conflict is only part of the book's revelatory, panoramic portrayal of the remote yet interconnected ways that American-sponsored wars are waged across the globe." --Wall Street Journal The debut novel from the National Book Award-winning author of *Redeployment* A group of Colombian soldiers prepares to raid a drug lord's safe house on the Venezuelan border. They're watching him with an American-made drone, about to strike using military tactics taught to them by U.S. soldiers who honed their skills to lethal perfection in Iraq. In *Missionaries*, Phil Klay examines the globalization of violence through the interlocking stories of four characters and the conflicts that define their lives. For Mason, a U.S. Army Special Forces medic, and Lisette, a foreign correspondent, America's long

Online Library Wall Street Journal Book Review Civil

War post-9/11 wars in the Middle East exerted a terrible draw that neither is able to shake. Where can such a person go next? All roads lead to Colombia, where the US has partnered with local government to keep predatory narco gangs at bay. Mason, now a liaison to the Colombian military, is ready for the good war, and Lisette is more than ready to cover it. Juan Pablo, a Colombian officer, must juggle managing the Americans' presence and navigating a viper's nest of factions bidding for power. Meanwhile, Abel, a lieutenant in a local militia, has lost almost everything in the seemingly endless carnage of his home province, where the lines between drug cartels, militias, and the state are semi-permeable. Drawing on six years of research in America and Colombia into the effects of the

War
modern way of war on regular people, Klay has written a novel of extraordinary suspense infused with geopolitical sophistication and storytelling instincts that are second to none. *Missionaries* is a window not only into modern war, but into the individual lives that go on long after the drones have left the skies.

When Ohio-born Pru Steiner arrives in New York in 1976, she follows in a long tradition of young people determined to take the city by storm. But when she falls in love with and marries Spence Robin, her hotshot young Shakespeare professor, her life takes a turn she couldn't have anticipated. Thirty years later, something is wrong with Spence. The Great Man can't concentrate; he falls asleep reading *The New York Review*

of Books. With their daughter, Sarah, away at medical school, Pru must struggle on her own to care for him. One day, feeling especially isolated, Pru meets a man, and the possibility of new romance blooms. Meanwhile, Spence's estranged son from his first marriage has come back into their lives. Arlo, a wealthy entrepreneur who invests in biotech, may be his father's last, best hope. Morningside Heights is a sweeping and compassionate novel about a marriage surviving hardship. It's about the love between women and men, and children and parents; about the things we give up in the face of adversity; and about how to survive when life turns out differently from what we thought we signed up for.

Online Library Wall Street Journal Book Review Civil

Into the maelstrom of unprecedented contemporary debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see

ourselves as we appear to others,
making it possible for us to rediscover
our many American gifts through the
perspective of the outsider"--

From the author of the New York Times bestseller *Nothing Daunted*, *The Agitators* chronicles the revolutionary activities of Harriet Tubman, Frances Seward, and Martha Wright: three unlikely collaborators in the quest for abolition and women's rights. In Auburn, New York, in the mid-nineteenth century, Martha Wright and Frances Seward, inspired by Harriet Tubman's slave rescues in the dangerous territory of Eastern Maryland, opened their basement kitchens as stations on the Underground Railroad. Tubman was an illiterate fugitive slave, Wright was a middle-class Quaker mother of seven,

War. Seward was the aristocratic wife and moral conscience of her husband, William H. Seward, who served as Lincoln's Secretary of State. All three refused to abide by laws that denied them the rights granted to white men, and they supported each other as they worked to overturn slavery and achieve full citizenship for blacks and women. *The Agitators* opens when Tubman is a slave and Wright and Seward are young women bridling against their traditional roles. It ends decades later, after Wright's and Seward's sons--and Tubman herself--have taken part in three of the defining engagements of the Civil War. Through the sardonic and anguished accounts of the protagonists, reconstructed from their letters, diaries, and public appearances, we see the most explosive debates of the

Online Library Wall Street Journal Book Review Civil

time, and portraits of the men and women whose paths they crossed: Lincoln, Seward, Frederick Douglass, William Lloyd Garrison, John Brown, Elizabeth Cady Stanton, Susan B. Anthony, Harriet Beecher Stowe, and others. Tubman, embraced by Seward and Wright and by the radical network of reformers in western New York State, settles in Auburn and spends the second half of her life there. With extraordinarily compelling storytelling reminiscent of Doris Kearns Goodwin's *No Ordinary Time* and David McCullough's *John Adams*, *The Agitators* brings a vivid new perspective to the epic American stories of abolition, the Underground Railroad, women's rights activism, and the Civil War.

□ One of the best books on the

American presidency to appear in recent years (The Wall Street Journal) and based on a decade of research and reporting—a delightful new window into the public and private lives America’s presidents as authors. Most Americans are familiar with Abraham Lincoln’s famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. Political Debates sold fifty thousand copies—the rough

Online Library Wall Street Journal Book Review Civil

War
equivalent of half a million books in today's market—and it reveals something about Lincoln's presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman's "original, illuminating, and entertaining" (Jon Meacham) work of history, the story of America's presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge's *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama's *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works.

Online Library Wall Street Journal Book Review Civil

Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson's Notes on the State of Virginia, the first presidential book to influence a campaign, and John Adams's Autobiography, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation's leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where's the*

Online Library Wall Street Journal Book Review Civil

Rest of Me?, and Donald Trump negotiating the deal for The Art of the Deal, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. "If you're a history buff, a presidential trivia aficionado, or just a lover of American literary history, this book will transfix you, inform you, and surprise you" (The Seattle Review of Books).

President Donald J. Trump No job is more of a pressure cooker than being a White House press secretary—especially in this White House. For more than two decades, Sean Spicer had been a respected political insider, working as a campaign and communications strategist. But in December 2016, he got the call of a lifetime. President-elect Donald J. Trump had chosen him to be the White House press secretary. And life hasn't been the same since. When he accepted the job, Spicer was far from a household name. But then he walked into the bright lights of the briefing room, and the cameras started rolling. His every word was scrutinized. Every movement was parodied. Every detail became a meme. And that's just the public side. Behind the scenes, things

Online Library Wall Street Journal Book Review Civil

Were almost as difficult in an administration plagued by leaks that frustrated and angered both Spicer and the president. Not to mention the extraordinary pressures on Spicer's family and his faith. Now, in his provocative and enlightening political memoir, *The Briefing*, Spicer reveals the truth behind some of the biggest news stories of our time, and he offers a glimpse into what it's like to stand at the press secretary's podium—and how he got there. *The Briefing* is the first insider account written by someone who worked on the Trump campaign, with the Trump transition team, and in the Trump White House—and has seen Donald Trump rallying voters, building an administration, and making crucial policy decisions. Spicer's riveting and personal account makes *The Briefing* the must-read political memoir of the

Online Library Wall Street Journal Book Review Civil War:

A wrenching debut about the causes and effects of poverty, as seen by a father and son living in a pickup Evicted from their trailer on New Year's Eve, Henry and his son, Junior, have been reduced to living out of a pickup truck. Six months later, things are even more desperate. Henry, barely a year out of prison for pushing opioids, is down to his last pocketful of dollars, and little remains between him and the street. But hope is on the horizon: Today is Junior's birthday, and Henry has a job interview tomorrow. To celebrate, Henry treats Junior to dinner at McDonald's, followed by a night in a real bed at a discount motel. For a moment, as Junior watches TV and Henry practices for his interview in the

Online Library Wall Street Journal Book Review Civil

bathtub, all seems well. But after Henry has a disastrous altercation in the parking lot and Junior succumbs to a fever, father and son are sent into the night, struggling to hold things together and make it through tomorrow. In an ingenious structural approach, Jakob Guanzon organizes *Abundance* by the amount of cash in Henry's pocket. A new chapter starts with each debit and credit, and the novel expands and contracts, revealing the extent to which the quality of our attention is altered by the abundance—or lack thereof—that surrounds us. Set in an America of big-box stores and fast food, this incandescent debut novel trawls the fluorescent aisles of Walmart and the booths of Red Lobster to reveal the inequities and anxieties around work, debt, addiction, incarceration, and
