"Who Is Barack Obama" by Roberta Edwards is a very descriptive book that talks about Barack from a young age to adulthood. The book talks about Obama from the time he was growing up, to when he graduated Harvard University as a top student being very smart, to the time he met Michelle Obama, to the time he became president of the United States and ran for 8 years.

Who Is Barack Obama? by Roberta Edwards - Goodreads

Barack Obama is a Democrat who supported social welfare programs. Being a former president, Obama believed in having lenient policies along with maintaining a modest attitude towards business as well. Obamacare was a great move to take the nation one step further.

Who is the Better President for America: Trump or Obama?

The messianic return of their savior Barack Obama is the liberals' (and globalists') wet dream. In April I wrote: "Watch Soros "Biden" pick Obama as his running mate for 2020, to "help" his good friend Joe for a few minutes before declaring him incompetent and taking over.

From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

Highlights the life and achievements of the Harvard Law School graduate, legislator, and civil rights lawyer who became the forty-fourth president of the United States.

As the world now knows, Barack Obama has made history as our first African-American president. With black-and-white illustrations throughout, this biography is perfect for primary graders looking for a longer, fuller life story than is found in the author's bestselling beginning reader *Barack Obama: United States President*.

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (*The Washington Post Book World*). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—*The New York Times Book Review* "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

#1 NEW YORK TIMES BESTSELLER • Barack Obama's lucid vision of America's place in the world and call for a new kind of politics that

builds upon our shared understandings as Americans, based on his years in the Senate “In our lowdown, dispiriting era, Obama’s talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope.”—Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners’ minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called “the audacity of hope.” The Audacity of Hope is Barack Obama’s call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the “endless clash of armies” we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of “our improbable experiment in democracy.” He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama’s vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

The #1 New York Times bestselling picture-book biography of President Barack Obama is now in paperback. Ever since Barack Obama was young, Hope has lived inside him. From the beaches of Hawaii to the streets of Chicago, from the jungles of Indonesia to the plains of Kenya, he has held on to Hope. Even as a boy, Barack knew he wasn’t quite like anybody else, but through his journeys he found the ability to listen to Hope and become what he was meant to be: a bridge to bring people together. This is the moving story of our 44th President, told by Nikki Grimes and illustrated by Bryan Collier, both winners of the Coretta Scott King Award. Barack Obama has motivated Americans to believe with him, to believe that every one of us has the power to change ourselves and change our world.

Inspirational speeches from America’s first African American president. You’ll be inspired to be the change you wish to see in the world as you read through this collection of speeches delivered by Barack Obama. These messages of hope for a more perfect union in America will appeal to readers across the political spectrum. From pre-presidential oratory to his farewell address, the former president covers issues of race, unemployment, natural disasters, public tragedies, and his legacy of health care reform. This volume will become one of the most treasured in your library.

Since delivering his keynote speech at the 2004 Democratic National Convention, Barack Obama has been hailed as the clear saviour of not only the Democratic party, but of the integrity of American politics. Despite the fact that he burst onto the national scene seemingly overnight, his name recognition has grown by leaps and bounds ever since. And in November 2008, he was elected the next President of the United States. *Barack Obama in His Own Words* is a book of quotes from the Illinois Senator that allows those who aren’t as familiar with his politics to learn quickly where he stands on abortion, religion, AIDS, his critics, foreign policy, Iraq, the War on Terror, unemployment, gay marriage, and a host of other important issues facing America and the world. Informative and easy to read, this is the perfect potted history for those who don’t have time to read the biography of America’s first Black President. Lisa Rogak is the author of *In His Own Words: Colin Powell and Howard Dean In His Own Words*. Her works have been reviewed and otherwise mentioned in the *Wall Street Journal*, *USA Today*, *Family Circle*, and hundreds of other publications. She lives in Lebanon, New Hampshire. “I wouldn’t run if I didn’t think I could win.” “I don’t want people to pretend I’m not black or that it’s somehow not relevant.”

An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American historians to put President Obama and his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman.

Who is Barack Obama? Who is Barack Obama? His opponents did well to paint obscure pictures of him. One of the questions still lingering on the electorate's mind from the 2008 presidential elections has been: Is Obama a Moslem or a Christian? As the 2012 election approaches many may still be wondering if the question is settled. You can rest assured that the same question would be raised again by his opponents in 2012. May be like many you are also wondering what the true answer is. Well if you are then this is the book for you. In this book you will not only find out the religious affiliation of Obama but you will also find more answers likely to be raised in 2012 such as: Is Barack Obama the anti-Christ? Is Barack Obama a terrorist? Is Barack Obama the black icon of the 21st century? Is Obama an icon of a post-racial age? Does Obama embody inter nations? Does Obama symbolize multi-culturalism? Does Obama compare with Mahatma Gandhi and the legendary Martin Luther King? Does Barack Obama exhibit an extraordinary capacity to transcend historical racial divides? Can you trust Barack Obama? You deserve to know the truth.
